Education

2017 – 2024 (Expected) Bachelor of Science in Information Systems, Addis Ababa University, Ethiopia

Relevant Coursework: Operating Systems, Algorithms I & II, Data Structures, Database Systems, Software Engineering

Summary

I am third year Information Systems student at Addis Ababa University with a strong passion for software development and Artificial Intelligence. Experienced in building responsive web applications using React, Next.js, and FastAPI through academic and personal projects. Skilled in developing responsive user interfaces and efficient backend systems through academic and personal projects. Passionate about Artificial Intelligence and creating impactful digital solutions. Eager to learn, grow, and contribute to real-world software development as a future professional software engineer.

Projects

- **AI-Powered Chatbot for Addis Ababa University (AAU)** — Developed an intelligent chatbot that provides instant, accurate responses about university services, information, and resources.
- **Battle of Adwa Interactive Chatbot** — Created an AI-powered chatbot delivering engaging historical content about one of Ethiopia's most significant events, improving accessibility and user engagement.
- **Responsive Client Websites** — Built multiple responsive websites using HTML, CSS, JavaScript, and MySQL, focusing on performance, usability, and modern UI design.

Technical Skills

Languages: Python, Java, JavaScript, C#, MySQL

Frontend: React.js, Next.js, HTML, CSS, Tailwind CSS

Backend: FastAPI, Node.js

Tools & Technologies: Git, GitHub, Vercel, Render

Other Interests: AI Development, NLP, UI/UX Design,

Certifications/Reward

- **Retrieval-Augmented Generation (RAG)** — Completed intensive course on RAG techniques for building advanced AI applications. **Technologies used:** LangChain, Pinecone, OpenAI API, Hugging Face, Python, Vector Databases, Prompt Engineering.

Additional Information

- Passionate about becoming a Full-Stack Software Engineer
- Strong interest in Artificial Intelligence & NLP systems
- Currently exploring game development (2D & 3D)
- Based in Addis Ababa, open to remote opportunities
